VOLUME XVI.

MAYSVILLE, KY., SATURDAY APRIL 10, 1897.

NUMBER 116.

## THE FLOOD SITUATION

Reports From All Along the Lower Mississippi.

### IF NOT BETTER, IT IS NO WORSE.

The Severe Strain Is Now in the Vicinity of Vicksburg, Where the Louisiana Levees Will Be Tested to Their Utmost During the Next Few Days—Upper Streams Are Falling.

MEMPHIS, April 10.—Notwithstanding the high winds and heavy rainstorm reported from the overflowed Mississippi delta, the situation in the flood-stricken section, if not better, is certainly no worse. The water which has been pouring through five big crevasses for more than a week is rapidly flowing into the Mississippi again at a point 12 miles north of Vicksburg, and is sweeping southward with terrible force. The strain on the Louisiana levees will be something terrific for a week, and if they withstand the powerful pressure for that length of time all will be well.

The Sunflower river, which traverses the counties of Coahoma, Bolivar and Sunflower, in Mississippi, is on a rampage. Two-thirds of the water from the Flower Lake crevasse is rushing pell-mell into this stream, and a large area will be inundated from the overflow. The Tallahatchie and Coldwater rivers are gradually falling.

At Helena the river is slowly falling and indications are that the big stream will continue to decline. The backwaters below the Arkansas Midland levee are on a stand.

The number of refugees are increasing at Helena almost every hour. The steamer Maud arrived there late yesterday afternoon with more than a hundred flood sufferers, swelling the list already there to 3,000 people.

At Rosedale nothing of special interest has occurred in the situation. After a stormy night that caused buildings to rock and sway like boughs of trees, the sun came out bright and clear in that section, but a cold north wind is blowing. In the Bogie Phalia country much suffering is reported. Members of the Rosedale relief committee will visit that section and distribute provisions to the needy.

At Greenville the situation has not changed. All the levees along the Mississippi front satisfactorily withstood the terrible windstorm.

At Memphis the river continues to fall, a decline of one-tenth of a foot being reported by the weather bureau. The railroads with one exception are again open for business and in good shape and all trains are being run on schedule time. Many dispatches from Memphis have stated that the Iron Mountain was the only road entering the city from the west side. This is erroneous. The Cotton Belt has been open during the high water in Arkansas, dispatching its trains promptly and regularly. By raising the tracks in the vicinity of Bird's Point, opposite Cairo, the road has had an uninterrupted service to and from St. Louis.

### EXTREME LOWER END.

Levees Are Holding Out Well and a Feeling of Safety Exists.

VICKSBURG, Miss., April 10.—Information from all points on the Louisiana side from the Arkansas state line down to the lower end of the district, some 350 miles, is that while the high winds have done considerable damage no serious results followed the storm along the entire front line of the levee banks that are now put to such a severe strain by the waters coming out of the Yazoo.

Lieutenant Newcomer, with headquarters in Memphis, United States engineer in charge of this, the third district, which extends from the mouth of the White river down to Warrenton, 10 miles below this city, telegraphs to Captain Brown, his assistant in charge, that more money is available if necessary, and to do everything possible to hold the levee and to prevent overflows. Lieutenant Newcomer had previously placed \$10,000 to the credit of the emergency fund here. This gives ample funds for the high water fight that is now on.

President Maxwell says that the line in danger extends from Henderson, 30 miles above Vicksburg, to Warrenton, 10 miles below. This territory is being closely watched and large forces are at work raising the low lines and strengthening the weak places. At the Bedford-Biggs levee, 10 miles below, in Louisiana, the work is well under way and two days more, it is thought, will put it out of immediate danger. At Cabin Teel, in upper Madison parish, there was some wave wash damage, but it has all been repaired. The Surget-Ashley run-around, built to protect a caving bank in Concordia parish, was completed yesterday. Mr. Maxwell also states that he has no fears of the Texas levees, as they are all five feet above highest water. This line runs from Bedford down to St. Joseph, a distance of about 50 miles.

Captain Long, a well known levee contractor, was in the city yesterday and states that he rode over the line the day before from Ashwood, La., down to Hard Times landing, a distance of 22 miles, and that the levees could stand six feet more water. Mr. Long states that if the levees hold until the flood passes Vicksburg he will feel comparatively safe.

Information from that delta is that Deer creek and Sunflower river are rising rapidly and are flooding all the lands adjoining. The damage done in the overflowed section is almost beyond expression.

From experience in past years it is evident that no corn can be raised on the overflowed lands this season and not an average crop of cotton.

Mr. S. P. Metzger, president of the Cotton Exchange of this city, a well informed and a close observer, gives it as his opinion that the loss to the receipts of cotton by the overflow in the states of Arkansas and Mississippi this season will not fall short of 350,000 bales and possibly greater. The Yazoo delta will not, if the water goes out by the 1st of June, make over half a crop.

### PEOPLE IN DISTRESS.

Some Have Drowned and Hundreds of Others Are Starving.

LITTLE ROCK, April 10.—Governor Jones has received a letter from the people at Island 73, White river, in which it is said that the people there are in imminent danger of perishing. The inhabitants are on house-tops, on rafts and all manner of floats and are entirely without food. There are said to be 35 families around the island and the letter states that unless they receive immediate succor, they will certainly perish. One family near the island has just lost six children in the flood.

Another letter from C. B. Blackburn, inspector of Laconia levee district, gives a graphic description of the sufferings of the victims of the flood in that district and urges the governor to help render them assistance.

At Dawson's landing, 125 people are destitute and in immediate need of food; 40 at Avenue, 50 or 70 at Ferguson landing, 150 at Minor Knowlton, 150 at Henrico and 200 Laconia.

The appeals were referred to the relief committee.

Secretary Alger has telegraphed Governor Jones, asking for information as to where rations should be sent for distribution. The governor replied by telegraph, stating that the relief committees preferred money and asking that money be sent instead of rations. The relief committee of the state board of trade and the Little Rock board of trade issued an address that in view of the government appropriation no subscriptions would be required.

### New Orleans Not Alarmed.

NEW ORLEANS, April 10.—The Mississippi river at this point has not yet felt the full force of the present rise. The weather conditions are good and the river gauge stands at 17.8. Continued confidence seems to be felt in the stability of the levee here.

### PHILIPPINE REVOLT.

It Is More Formidable Than Reported Through Spanish Sources.

VANCOUVER, B. C., April 10.—The steamer Empress of Japan has arrived from the Orient after an uneventful trip. She had an unusually large number of Chinese on board, 790, and was detained at quarantine for some time. Among the Chinese is a theatrical company which is to play at Nashville, Tenn., during the exposition.

The Empress brings the following advices: Reliable information in regard to the operations of the Spanish troops in the Philippines are still difficult to obtain. There is a superabundance of highly colored reports appearing in the censured Spanish press, but the information furnished by correspondents of Hong-Kong is of entirely different character. The Spanish forces are meeting with a stubborn resistance in Cavite, and it will yet be many months before this province is cleared of rebels.

The insurgents continue to attack all convoys with ammunition and stores and the movements of the royalist troops are in consequence greatly hampered. The captain general has applied to the Spanish government for 8,000 additional troops.

The troops operating in the province of Cavite are suffering severely from disease.

Executions are of frequent occurrence in Manila, and there are still 80 untried prisoners in jail awaiting punishment.

Lately the numbers of native troops are still going over to the rebels. It is evident that the rebels have received large supplies of firearms.

At the battle of Salitran, fought on March 8, the Spanish general Zabala was killed.

### Her Body Found in the River.

St. LOUIS, April 10.—The body found in the Mississippi Thursday has been identified as that of Pauline Bauer, a telegraph operator, who disappeared last November. Just before her disappearance she complained of continued annoyance from an unknown man. When, five months ago, her hat and jacket were found upon the river bank, the murder theory was suggested and worked upon, but no clues were found. The body is too much decomposed to permit the establishment of ante-mortem injuries.

### General Fullerton's Body Found.

WHEELING, April 10.—The body of General Joseph S. Fullerton of St. Louis, who was killed in the railway accident on the Baltimore and Ohio road near Oakland, Md., some weeks ago, was found yesterday in the Youghiogheny river, eight miles below the bridge where the accident occurred. The body was found by a farmer who was duck-hunting. The body will be sent to Chillicothe, O., for burial.

BUENOS AYRES, April 10.—An immense amount of damage has been caused by the explosion of a cart loaded with fireworks. The accident occurred near a block of buildings adjacent to a bourse and the buildings almost immediately caught fire. A whole block was destroyed before the flames were under control. Ten persons lost their lives in the explosion or during the conflagration.

## FIGHTING AT KISSAMO

An Austrian Gunboat Attempts to Relieve the Garrison.

### FIRED ON BY THE INSURGENTS.

The Warships Reply and Eighty Shells Are Thrown Into Their Midst—About Thirty Women and Children Are Removed but the Garrison Still Remains. A Battle Reported From the Frontier.

CANEA, April 10.—The Austrian consul, who has returned from Kissamo, reports that the Austrian admiral on his arrival there sent boats from the British and Austrian ships to embark the fugitive Moslems. As the boats approached the shore the insurgents fired volleys, whereupon the warships bombarded them, firing over 80 shells.

About 30 Mohammedan women and children then ran down the beach from the fort and promptly embarked. The insurgents continued to fire upon the boats while these were returning to the ships. It is believed that some of the insurgents were killed. The garrison of the place, however, remained there under a continuous fusillade from the insurgents, who killed two soldiers yesterday.

Later in the day a Russian gunboat bombarded the insurgents and compelled them to retire to the heights in the vicinity of Kissamo.

The pillaging around Canea continues. The pillagers for the most part are Mohammedan refugees from Candamo and Selino. It is rumored that arrangements are being made to emigrate these refugees to Asia Minor.

### Excitement at Athens.

ATHENS, April 10.—A private dispatch just received here from Kalambaka says that a band of irregulars who were compelled to return to Greek territory heard a sharp fusillade between the Greek and the Turkish outposts. The official dispatches merely report that three Greek bands invaded the Turkish territory. But the sensation of the incident is increasing here, and there is no telling what the effect of it will be on the present inflammable condition of the public mind.

It is urged here that the powers can not lawfully prevent Greece from advancing to the frontier line granted here by the decision of united Europe and of which she was deprived by the contumacious refusal of Turkey to confirm.

### Fighting All Day.

LONDON, April 10.—The correspondent of The Times at Grevena says that at 5 o'clock Friday morning 1,500 Greek bandits crossed the frontier between Metoro and Diskata, where they encountered the Turkish troops. The fighting lasted throughout the day, with some loss of life and a number of minor casualties.

The Athens correspondent of The Times says it is reported there that the invaders consisted of 2,500 carefully picked men, who had been equipped by the Ethniko Betairia.

### Insurgents in Macedonia.

LARISSA, April 10.—It is rumored here that three bands of insurgents, each numbering about 600 men, have appeared at different points in Macedonia. It is believed that these bands may force an outbreak of hostilities.

The Greek trading steamer Thessalia, after landing passengers at Valo on Wednesday, was sent urgently to the island of Skiathos, with an important dispatch to meet the eastern Greek squadron.

### Greeks Holding Their Own.

LONDON, April 10.—A dispatch to The Evening News from Ellassona, says: "The invading Greeks number 1,000 and are holding their own. Telegrams are proceeding incessantly between Grevena and Constantinople."

### MUSHROOM GROWING.

Secretary Wilson's Hints Respecting the Industry.

WASHINGTON, April 10.—Yielding to a demand that has been continuous for a long period, Secretary of Agriculture Wilson has issued a bulletin on "How to Grow Mushrooms." This report goes into detail as to cultivation and concludes that it is easy enough to grow mushrooms, but that the difficulty is in creating a greater demand for them.

The supply has now increased and prices accordingly are much lower than a few years ago, when the crop was limited. It is pointed out that the demand can be stimulated by cleaner handling, gathering the mushrooms younger than is now customary, more careful selecting, sorting and packing and by spreading a knowledge of the industry and creating a liking for the mushrooms among the middle classes.

### Had Swallowed a Reptile.

St. MARY'S, O., April 10.—For some time past the child of Mr. and Mrs. Charles Roney has been suffering with a malady which baffled the attending physicians. Yesterday the child was relieved by the passage from the stomach of a species of lizard. The animal is still alive, is three and a half inches long, has four legs, is covered with scales, black in color with green stripes down the back. It is supposed that the animal grew to its present size after entering the child's stomach.

### Indications.

Generally fair weather, possibly local snows on the lakes in the morning; north winds; a slight rise in temperature.

### FOUND THEIR SKELETONS.

A Mystery of Thirty Years Ago Has Just Been Recalled.

CHILLICOTHE, O., April 10.—The mysterious disappearance of three people, which occurred many years ago, seems about to be explained. A man, wife and child from Pennsylvania disappeared about 30 years ago in the vicinity of High Bank, east of town. No trace of them was ever discovered and the matter was finally forgotten. They were on foot and were supposed to have considerable money.

A few days ago Charles Overly, while planting fruit trees on an uncultivated portion of the Lawrence T. Neal farm at High Bank, dug up the skeletons of a man, woman and child, buried only about eight inches under the surface of the ground. The man's head had been crushed in and the woman's arm had been hacked off and flung into the grave above her head. The matter is to be sifted to the bottom by the authorities.

### MUCH WANTED MAN.

W. H. Hendricks, Who Has Many Aliases, Arrested at Jamestown, N. Y.

JAMESTOWN, N. Y., April 10.—W. H. Hendricks was arrested yesterday while trying to negotiate the sale of forged drafts and certificates of deposit to the amount of about \$1,000. Hendricks, who has many aliases, is wanted by the Pinkerton detective agency for forgeries on a large scale at Terre Haute, Ind., Janesville, Wis., Marion, Ind., Fort Wayne, Ind., Bloomington, Ill., and Lima, O.

His method of operation in the western cities, where he has worked, has been to secure small drafts and raise them to several hundred dollars. A satchel belonging to Hendricks has been found, containing raised checks, drafts and certificates of deposit amounting to \$50,000.

### Fruit Growers' Union.

LANCASTER, O., April 10.—The fruit growers of this county have organized a society called the Fruit Growers' union, with the object of the betterment of their interests. Fairfield county has a wide reputation in the strawberry industry, which will be given a new impetus by the union. I. W. Crist of Royalton is president and Ransom L. Renshaw of near Lancaster, secretary.

### Many Men Thrown Out of Work.

BELLAIRE, O., April 10.—At the meeting of the tube workers of the Riverside iron works at Benwood, a decision was reached that the men should not accept a 10 per cent reduction in wages. The entire plant, steel works, tube works and blast furnace, will be closed down this evening. Three hundred men from Bellaire will also be thrown out of work.

### In the Mayor's Cabinet.

COLUMBUS, O., April 10.—Judge Selwyn F. Owen, formerly judge of the supreme court of the state, has been tendered and has accepted a place in the cabinet of the incoming mayor of Columbus, Samuel L. Black. Judge Owen is to be director of law.

### Coal Mines Put in Operation.

BELLAIRE, O., April 10.—At Dillonvale and Long Run, just east of here on the Wheeling and Lake Erie railroad, the two largest coal mines were placed in operation yesterday. Over 800 men were given work. These mines have not been running in full for a year.

### Brought Home For Burial.

EAST LIVERPOOL, O., April 10.—The remains of Richard Gardner, the well known potter, who committed suicide through disappointment in love, at Evansville, Ind., were brought home and will be buried tomorrow afternoon.

### Killed by a Colt.

FREMONT, O., April 10.—Henry Nursery, son of a farmer residing east of town, was kicked in the head by a young colt Thursday morning. His skull was crushed in and the boy suffered great agony until he died.

### Peru Stops Coining Silver.

LIMA, April 10.—The Peruvian government has suspended the coining of silver at the government mint, and has issued a prohibition against the importation of silver coins after the 10th of May next.

### Fig Monstrosity.

CAMDEN, O., April 10.—On a farm near here yesterday a pig was born alive with one head, two bodies, four ears and eight feet. It gives every evidence of growing into distinguished hoghood.

### Government Not Overthrown.

BUDA-PEST, April 10.—In the house of magnates yesterday Count Desseoffy proposed a vote of want of confidence in the government. It was rejected with only 11 votes in favor of the motion.

### Girl Missing From a Convent.

CINCINNATI, April 10.—Miss Marie Flood, whose relatives live at Louisville, has mysteriously disappeared from the Catholic convent on Mount Auburn and no trace of her can be found.

NEW YORK, April 10.—The Herald correspondent at Guayaquil cables that a formidable conspiracy to assassinate President Alfaro has been discovered at Quito. A number of priests were reported to be implicated in the plot. The ringleaders of the revolutionary movement, Ignacio Ventamilla, Jose Maria Saene and Rafael Camano, with 50 of their followers, were arrested and thrown into prison.

## SEVENTEEN PERISHED

The Knoxville Fire Was a Horrible Holocaust.

### CHARRED REMAINS RECOVERED.

The Hotel Register Was Destroyed and It Will Perhaps Never Be Known How Many Lives Were Really Lost, but Seventeen Are Now Missing—The Property Loss Was \$1,611,000.

KNOXVILLE, April 10.—Of the 52 guests who were sleeping in the Hotel Knox Thursday morning when the fire broke out, only 35 have been accounted for. The hotel register was destroyed and it will perhaps never be known how many lives were lost. Those known to have perished in the flames are:

A. E. Weeks of Locke, N. Y., drummer.

G. W. Roberts of Pulaski, Tenn., lightning rod agent.

E. A. Williams, Springfield, Mass., retired merchant.

Telegrams have been pouring in from different cities inquiring about people supposed to have been in Knoxville.

The work of searching for the remains in the ruins was begun late yesterday afternoon and the developments already indicate that the list of dead will be much larger than it was at first thought. Charred remains were found in different localities of the ruins.

Where one of these bodies is supposed to have been cremated were found a number of pocket knives, shears, razors, etc., which leads to the belief that Weeks, the cutlery drummer for the Rochester house, had attempted to carry out his sample case.

E. A. Williams of Springfield, Mass., another man who was beyond a doubt burned, was 63 years old and was traveling south for his health.

Large rewards have been offered for the bodies, and a large force of men are at work clearing away the debris.

Of the injured perhaps only one will die, J. C. M. Eogle of Tennessee, a civil engineer, lies in a very critical condition at the city hospital. He inhaled flames and his limbs are burned badly.

Messrs. Kephart, McMillan, Hogan, Keck, Hudson and Hicks, all of Knoxville, who are the most painfully hurt, are recovering.

An almost correct estimate of the losses and insurance has been secured. It is as follows: Total loss, \$1,611,000; total insurance, \$614,209.70. Many of the firms burned out have secured temporary quarters and the wholesale houses especially have never stopped filling orders.

### ANOTHER GULF CYCLONE.

Sections of Alabama and Georgia Swept by the Destroying Element.

ATLANTA, April 10.—Telegrams from Ozark, Ala., and Valdosta, Ga., crossing the ill-fated town of Arlington, Ga., show that this section was visited yesterday by another gulf cyclone, ascending the Apalachicola valley and sweeping northward with terrific force to the confluence of the Chattahoochee and Flint rivers, where it divided. In one direction, going toward Ozark, where timbers were uprooted and houses blown to pieces, several lives were lost, among them Mrs. Powers, who was caught beneath the falling timbers of her house and crushed. Her husband was unable to save her and was himself badly hurt, but he rushed off through the blinding rain and intense darkness for assistance. The rest of the family were rescued, among them a baby three weeks old, whom the mother protected at the loss of her own life.

The second section of the cyclone was deflected upon the Flint valley, breaking across South Georgia and passing through Arlington, where but a few weeks ago nine children were killed in the ruins of their schoolhouse. Reaching Valdosta the storm became intensified in fury, and trees were blown down in every part of the city. A church in the southern part of the city was wrenched from its foundations and twisted into fragments by the angry winds. The boxcars on the Pland system were blown off the track. Lightning struck a switchboard in the Western Union Telegraph office and set fire to the building.

From many other towns in the vicinity reports of an equally alarming nature are coming in.

### HIGH GRADE SEEDS.

American Farmers Are Now to Be Given the Very Best.

WASHINGTON, April 10.—Secretary of Agriculture Wilson has initiated a new system of distribution in his department. His aim is to diversify, so far as possible, the farm products of the country, and to this end he is making a specialty of selecting new and valuable seeds from all parts of the world and putting them in the hands of farmers likely to use them to advantage.

He has begun the work with sugar beets and leguminous plants of all sorts. While sugar beets are now widely cultivated in the west, the best seed at present comes from abroad. A large supply of these high grade seeds has been ordered and will be judiciously distributed.

POUGHKEEPSIE, N. Y., April 10.—The Poughkeepsie glassworks were completely destroyed by fire yesterday. Only part of the factory that the firemen were able to save was the office and some sheds under which new goods were stored. The loss approximated about \$100,000; insurance, \$90,000.

EVENING BULLETIN.  
DAILY, EXCEPT SUNDAY.  
ROSSER & McCARTHY,  
Proprietors.  
SATURDAY, APRIL 10, 1897.

INDICATIONS.—Generally fair weather, possibly local snows on the lakes in the morning; north winds; a light rise in temperature.

The Brooksville Review has entered upon its third year. Br'er Young is all right, and so is his paper.

The McKinley club of Newport, has turned Governor's picture to the wall. They are in favor of Dr. Hunter for Senator, and they seem to know just who is blocking the way.

The Riverside Iron Works Company, of Bellaire, O., wanted their employees to accept a 10 per cent. cut in wages, but the workmen refused, and now the factory is to shut down, throwing several hundred hands out of employment. Hurrah for McKinley.

Hoefflich's Spot Cash Bargains.  
Four cent calico, 5c.; cotton, 5c.; children's rib hose, 5c.; curtain goods, 5c.; matting, 15c. for 25c. matting; 39c. for 50c. check and novelties, 39c. for all wool carpets; 50c. for good Brussels carpet on the floor, \$1 for large rugs.

Death of Miss Lucy Stewart.  
Miss Lucy Stewart, aged sixteen years, died at 6 o'clock this morning at the home of her father, Mr. Frank Stewart, on Third street, east of Lexington, of consumption. She had been ill about two years, but bore her sufferings with true Christian fortitude. The funeral will occur Monday afternoon at 2 o'clock at the residence, with services by Rev. I. P. Trotter. Burial in Maysville Cemetery.

Vincent.  
"Women Novelists; Jane Austen, Charlotte Bronte" will be the subject of Mr. Vincent's lecture at the High School Monday evening. The lecture on Victor Hugo last Monday evening was considered, by many, to be the very best lecture Mr. Vincent has ever delivered in Maysville. A delighted audience, representing the intelligence and culture of our city, greeted him, and all seemed to appreciate the rare advantages afforded by the High School Lecture Course.

River News.  
The Hudson is to-night's packet for Pittsburg. The Stanley down Sunday.

The rainfall at Pittsburg amounted to over an inch. The storm was quite general throughout the valley and the rivers are rising as a result.

The Silver Wave broke her wheel near Buena Vista, and was brought to Vanceburg for repairs. Captain Edgington's other boat, the Wells, is on the ways for repairs.

The full intensity of living is reached only by the perfectly healthy. Sickness discounts the capacity for employment. If his body is all out of order and run-down, he will not be able to enjoy anything, no matter how full of enjoyment it may be for other people. If he is just a little bit out of order, if he "is not sick, but doesn't feel just right" he will only be able to enjoy things in a half-hearted sort of way. The nearer he is to being perfectly well, the nearer will his capacity for enjoyment be perfect. If this condition doesn't exist, something ought to be done. That means nine cases in ten the use of Dr. Pierce's Golden Medical Discovery. It works directly on the digestive organs, and on the blood and through these on every tissue of the body. It makes the appetite good, digestion and nutrition perfect and supplies rich, red blood to all the tissues, building up solid, healthful flesh.

Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser" profusely illustrated.

A Splendid Showing.  
The gross earnings of the Chesapeake and Ohio for the month of March were \$1,035,886, an increase of \$223,186 over those for the corresponding month of last year.

The showing is the best the Chesapeake and Ohio has ever made, the earnings being the largest ever made in any month of the road's history.

The next best month was December of last year when the gross earnings were \$1,015,000.

The earnings for March of this year show an increase over those of last March of 27 per cent. The increased business is due to the large coal contracts which were made recently by the C. and O., and this increased traffic will continue right along.

The Discovery Saved His Life.  
Mr. G. Caillouette, druggist, Beaversville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at J. James Wood's drug store.

SERVICES in the First Presbyterian Church to-morrow at usual hours.

ROYAL  
BAKING POWDER  
Absolutely Pure.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands. ROYAL BAKING POWDER CO., NEW YORK.

INTERESTING QUESTION.

Suit to Fix Liability Between Two Common Carriers in Circuit Court—The C. and O. Won.

An interesting question of liability between two common carriers of goods was decided by Judge Price in the Cincinnati Circuit Court in the suit of the Cincinnati Transfer Company against the C. and O. Railway Company.

The C. and O. Railway Company received a consignment of household goods in July, 1890, at South Ripley, O., for shipment to Oxford, O. The bill of lading contained the agreement to deliver the goods to the connecting line at Cincinnati, and also that the consignee was not to be liable for any loss or damage beyond its own line. The goods all reached their destination except one box. The shipper sued the railroad company in the Brown County Common Pleas Court and got judgment. Then the C. and O. sued the transfer company, and in its turn got a verdict and judgment, which this error was prosecuted to reverse. The peculiar defense was raised by the transfer company that because the contract of shipment exempted the C. and O. Railway Company from any loss, the verdict and judgment should have been in its favor in the Brown County court. While the reviewing court agreed with this position, it held that it was not decisive of the issue. There was testimony to show that the C. and O. had delivered all the goods to the transfer company at Cincinnati, and that the loss occurred while the goods were in its possession. The judgment against it was affirmed.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired-out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1 per bottle at J. J. Wood's drug store.

WEEK OF PRAYER.

Program to be Observed by the C. W. B. M. at the Christian Church.

The Christian Women's Board of Missions of this city will observe the week, beginning April 12th, as self-denial and week of prayer with services in the chapel of the Christian Church. The services will commence at 4 o'clock each afternoon, lasting an hour. The public are cordially invited, and especially all who are interested in missionary work.

Following are the topics for each day, with names of leaders.

- April 12th—"Fuller Consecration"—Watchword. Acts 4:32; Gal. 4:20; Col. 3:1-4, 16. Leader, Miss Mary Hulet.
- April 13th—For a Special Blessing and a Large Measure of the Spirit to be Given to Our National Officers. Thessalonians I. Also For the Inspiration and Efficiency of Our State and Auxiliary Officers and Members and For the Enlistment of All Women. Ephesians III. Leader, Mrs. M. F. Marsh.
- April 14th—For the Work of the Young. John XXI. Leader, Miss Sallie Wood.
- April 15th—For Our Home Missionaries and Fields. Luke XXIV. Leader, Mrs. L. M. Mills.
- April 16th—For Our India and Jamaica Missionaries and Missions. Romans X. Leader, Mrs. J. T. Kackley.
- April 17th—For the Educational Work of the C. W. B. M. Proverbs III. Leader, Miss Bessie Martin.

At the Church of the Nativity to-morrow, Palm Sunday, services will be: Sunday school at 9:30 a. m.; Morning Prayer, sermon, and Holy Communion at 10:30; Evening Prayer at 4. The church will be decorated with palms from Florida.

MR. HARRY AUSTIN, formerly of Paris, wedded Miss Theodosia Dorsey, daughter of Mr. J. I. Dorsey, Thursday afternoon at the home of the bride's father, in Flemingsburg. The groom is employed as express messenger on the L. and N. between Cincinnati and Nashville.

'NOTHER ROAST.  
The Six Bolting Republicans Tell Why They Oppose Dr. Hunter.

An Address to the Public in Which They Size Up the "Gum Shoe Statesman."

"To the People of Kentucky: The Republican members of the General Assembly of Kentucky, who have opposed the election of Dr. Hunter, have been content to bear, patiently and without complaining, not only the abuse and calumny of manufactured meetings, but the criticisms of a great many honest, sensible people, who have only thought of the seeming nomination which he has secured and not realized the serious questions of honor and duty which have decided our cause in opposing him.

"We have not opposed the nominee of the attempted caucus of this extra session because of preferring any other particular person. We should not for an instant oppose an honorable nominee who had fairly won the nomination for the sake of any one on earth. We are pledged to no candidate. We have never wished and do not wish now to attempt for an instant to dictate who shall be elected or nominated for Senator.

"We have always been willing and we are willing and ready to vote for any Republican worthy to represent Kentucky in the Senate. We shall not now rehearse all of the history of this remarkable man, who without being suggested as the people's choice for Senator, by any paper or any organization of any party, set the precedent of making the campaign of the Republican party of Kentucky a policy of secretiveness and mystery, hateful to every openhearted Kentuckian; who held the party purse and controlled the party organization through the campaign of 1895; who sent such small help as the party could give to some of the legislative districts in his own name, as his own contribution, and swiftly followed it with the party messengers pledging members to support him for Senator, and who turned up immediately after the election with that well known wood cut, prepared in advance, and that stereotyped and fulsome laudation of the alleged value of his services as chairman, taking to himself the lion's share of the honor for all the labors of all the Republican workers for more than a quarter of a century, when he could not carry his own Congressional district in 1896.

"Then followed the development of his mysterious and crafty combinations to dictate every appointee under the Sinking Fund Commissioners, every desirable office and position as the Committee of the House, and his unscrupulous pledging of every Federal office. The sickening history is only too well known to the people; how his unholy determination to force himself upon Kentucky as a Senator has wrecked the State administration, wasted and disgraced the regular session of the Legislature, finally culminating in the shame of the secret pledge of the nominee for Senator, of the party which carried Kentucky on its brave and honorable campaign for sound money, by which pledge that nominee, bearing the banner of sound money, in order to win two Populist votes, and utterly lost to fidelity and honor, pledged himself in these words: 'I hereby agree that I will favor such legislation and support such measures as will restore silver to the position it occupied as primary or redemption money prior to 1873, when it was the standard of value.'

"Thus promising to betray his party and his State, in which pledge he was exposed as an unscrupulous and unfaithful conspirator against the honor of Kentucky, never before stained by a party nominee for Senator, and in which he revealed such a hideous character that even his unbounded assurance and shamelessness faltered and he fled the field of honor.

"Through this man's dishonest and selfish schemes, he has made it appear that the noble army of the Republican party of Kentucky is governed by a conspirator's promises of spoils, who issues duplicate warehouse receipts for offices.

"So far, his unscrupulous greed has frittered away the time of this legislative session, and not content with all these crimes against his country and our noble Commonwealth and its fair name, he has used every political art of slander and corruption to cause us to be denounced as traitors, for the sake of this monster of treachery and shame. Defeated and exposed in all his revolting character he seeks now to throw down the Republican temple and brazenly declares that the Republican party of Kentucky shall emblazon his name as its emblem on its banner, or shall be deprived of the just fruit of its honorable victory.

"We believe that it is the duty of every good citizen to do all in his power to secure the nomination by his party of useful and honorable representatives, and that it is his higher duty as a citizen to do all in his power to secure the election of honorable and useful officers, and while every true man owes to good faith and party discipline, to forget his personal preferences, provided the nominee is honorable, we do not fear the judgment of the people on the proposition that a citizen's duty to his country is above his duty to his party and when his party nominates a dishonorable man for the most important, responsible and honorable office which the people have trusted it to fill, it is the duty every man owes to country, to State, to humanity, to save his own oath of office and personal honor, to defeat that man and save his people from that stain.

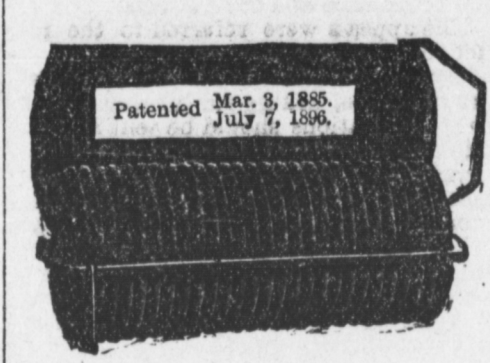

"In that duty, we shall hold out unto the end, bearing for the sake of duty and honor all abuse and every reproach, whether manufactured or mistaken, confident that when the last accounts are made up it will be written in the history of our time that a few plain men of the people have saved their country a great shame and dishonor. "If the vicious and unprincipled passion of this man, who makes a mystery of his birthplace and his stock, and who has done so much to wreck the usefulness of the Republican party in Kentucky, causes him to persist in his determination to rule or ruin, on him be the consequences of the just wrath of an honorable people.

Saturday Night

From 6 o'clock until closing time, a handsome line of 25c. LEATHER BELTS for 15c., strictly cash. Two styles of black, enamel or alligator finish; three shades of tan, all pretty. This is cheapness, real cheapness, for it's exactly what we say—a 25c. value for 15c. This truth is easy to prove.

D. HUNT & SON.

**COUGH**  
For sale by Thos. J. Chenoweth, druggist.

**HAVANA DISPATCH.**  
Everything Going Smoothly According to the Censorship Accounts.  
HAVANA, April 10.—Major Sandoval of the staff of the captain general is a passenger on board the steamer Olivette which left this port late yesterday. The major is on his way to Washington charged with a special mission.  
General Luis Rivera, accompanied by Colonel Escallao, arrived by train at Regla yesterday. They were transferred to a tugboat and were conveyed to Cabana fortress. Both seemed in excellent spirits.  
A small detachment of Spanish troops stationed on the banks of the river Cauto was compelled on account of the scarcity of food and water, to retire upon Cauto. While so doing it was surrounded by a strong insurgent force in the highway and was compelled to surrender.  
Six armed insurgents have surrendered at Niquero.  
The chief of police has rebuked an agent here of The Herald of Madrid for selling copies of that paper without having previously passed them through the hands of the censor.  
The insurgents continue to hold the port of Banes, and it is reported the entrance is closed with torpedoes.  
Eighteen political prisoners have arrived here on the steamer Comota from Cardenas.  
Captain General Weyler has changed his itinerary. While at Las Tunis he decided to camp at Javabo during the night of April 7, and gave orders accordingly. Yesterday morning he arrived at Sancti Spiritus, where he was received by the mayor, Senor Marcos Garcia, and the local authorities. The city was decorated in honor of the captain general.  
While General Weyler is indefatigable in pushing the work of purifying the administration of Cuba the military operations continue.  
General Linares has crossed the island several times in Santiago de Cuba and in the Manzanillo district he has broken up an insurgent stronghold.  
The surrender of insurgents in Santa Clara continues and those who have not surrendered are being pursued night and day with the object, the Spaniards say, compelling General Maximo Gomez to fight. In spite of the efforts of the Spanish troops, however, Gomez succeeds in eluding them and the Spanish officers insist he is anxiously awaiting for the rainy season to put an end to their operations.

**Rivera Resolution Shelved.**  
WASHINGTON, April 10.—The senate resolution protesting against summary proceedings by the Spanish officials in Cuba against the captive insurgent leader Rivera has reached the state department through the White House. Secretary Sherman, regarding it merely as declaratory of the sense of the senate and offered in an advisory rather than a mandatory spirit, has filed it away and is not likely to carry out its suggestion and lodge a protest with the Spanish government, particularly in view of the information he has received that Rivera is not to be shot.

**REVIEW OF TRADE.**  
Bradstreet Says That There Has Been No Gains During the Week.  
NEW YORK, April 10.—Bradstreet's says: The business situation as a whole shows no gain. Staple lines are only fairly active. Overflows, washouts and floods continue to do great damage in the Mississippi and Missouri river valleys, throughout a greater portion of which general trade remains practically at a standstill.  
Rainy weather extending from the central west to northwestern spring wheat states has rendered country roads almost impassable, with the natural effect upon business. As the region threatened includes the richest portion of the cotton belt, the prospect for delay in planting a second time indicates the possibility of a heavy reduction in acreage this year whence the advance in cotton this week.  
Pig iron, steel billets and cast iron pipe are lower in price, and the demand for steel and iron is not as heavy as it has been, although the price of lake ore has been fixed at a low figure and an ore pool formed.  
Wheat has continued as disappointing as iron as to price, dropping nearly 4 cents a bushel on Bradstreet's report

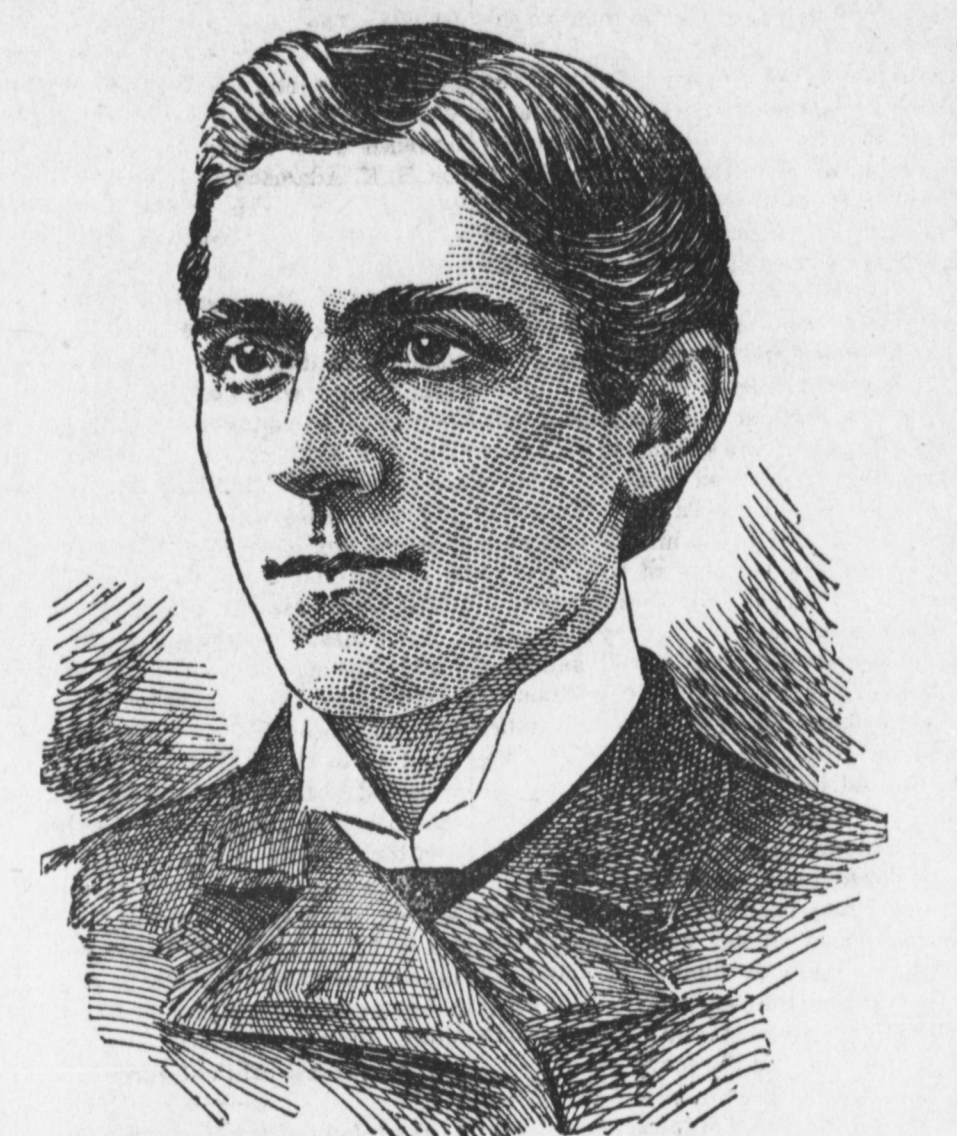

on an increase in the world's visible supply last week, instead of a decrease, as expected, due to a larger quantity of wheat in sight abroad.  
Chicago has only about held its own, little, if any, improvement being reported in trade there.  
St. Louis, more dependent on traffic with the flooded region, reports a decrease in volume of business.  
Jobbers at Omaha, St. Paul, Milwaukee and Portland, Or., report a better demand, notably in dry goods, oils, paints, glass, shoes and leather.  
Prospective advances in the wool tariff are behind another rise in prices of wool and woolsens, but cotton goods thus fail to advance, because restricted production is meeting current demand, nearly all staples, except those mentioned as having advanced have declined.  
Exports of wheat (flour included as wheat) from both coasts of the United States and St. Johns, N. B., this week, amount to 2,096,797 bushels, compared with 2,464,000 last week, 1,764,000 in the week a year ago, 2,934,000 in the week two years ago, 1,955,000 three years ago, and as contrasted with 2,948,000 in the like week of 1893.  
Exports of Indian corn amount to 4,645,685 bushels this week, compared with 4,970,000 bushels last week, 1,391,000 in the week a year ago, 814,000 two years ago, 1,427,900 three years ago, and as contrasted with 903,000 in the like week of 1894.  
Business failures remain at the lower level recently reported, 232 this week, compared with 213 last week, 231 in the week a year ago, 225 two years ago and 211 three years ago.  
There are 32 business failures reported from the Canadian Dominion this week, against 38 last week, 30 in the week a year ago, and 26 two years ago.

**CASTORIA**  
For Infants and Children.  
The famous signature of *Chas. H. Fletcher* is on every wrapper.  
Get your Easter gloves at Hoeflich's.

PREACHING at the M. E. Church, South, in the morning at 10:30 by the pastor. At the evening service Mr. King, of Newport, will speak in the interest of young men.  
CHRISTIAN CHURCH—Preaching at 10:45 a. m. and 7:15 p. m. Morning subject "The Son of Man, and Sin." Evening subject "Repentance." The public cordially invited.  
WEST Union Defender: "Hookey Prather is in a terrible stew. Harvey Connor told him the other day that under the recently strengthened civil service rules he (Hookey) would be compelled to carry the mail between here and Maysville all through the McKinley administration; that the rules tied him to the job, and he couldn't let go. As Hookey carries the mail at a price that would lose him money or starve his horses with corn at 50 cents a bushel, he almost fainted when Connor told him that the new tariff bill would double the price of corn in the next two months."

**NOW WITHOUT A RIVAL!**  
**No Remedy to Compare With Paine's Celery Compound.**  
Read the Really Wonderful Experience of Rev. Dr. Eailey and His Good Wife, and the Endorsements of Other Eminent Divines.

Here is a letter from the pastor of the most influential church in South Baltimore, that every truth-seeker should read carefully.  
Every disheartened sick person and every man or woman who has lost faith in the remedies he or she has tried because none of them has done any good—every one who is sick ought to be cheered up and filled with new hope and determination by the letter written by Rev. William T. Bailey, pastor of the Curtis Bay Church, the most influential Church in South Baltimore.  
On March 31, 1896, the Baltimore Sun, under display headings, published the following news of Rev. Mr. Bailey's affliction:  
"Rev. Wm. T. Bailey, pastor of the Curtis Bay Baptist Church, was paralyzed in the tongue while preaching Sunday night, and lost the power of speech. The congregation was at once dismissed, and Dr. — was called. He said Mr. Bailey was suffering from a severe attack of nervous prostration caused by hard study and overwork, and that he must have rest and quiet."  
The whole city was shocked. The papers soon began to record an improvement.  
On April 13, 1896, the following open letter was addressed to the proprietors of Paine's Celery Compound:  
SOUTH BALTIMORE, MD., April 13, 1896.  
Messrs. Wells, Richardson & Co.—Gentlemen: I was taken very ill while preaching last Easter Sunday night. My doctor could not help me so I discharged him and began to use Paine's Celery Compound with crushing effect. I will not hesitate to say that it is the best medicine in the world. I am, fraternally,  
WILLIAM T. BAILEY.  
Later in the year the proprietors of this wonderful remedy received still another letter from Dr. Bailey, as follows:  
Gentlemen: I propose to do what I can to let people know of your Paine's Celery Compound, the medicine that has done me so much good. I shall, in my own way, in speaking of my rapid and great improvement from the pulp, give, as is justly due, tribute to Paine's Celery Compound. I married six years ago, Miss Lillie B. Dunnivant, a lady well known in social life, the niece of Capt. Robert F. Lewis, U. S. navy. During the whole six years she has been an invalid, suffering from hysteria, laughing, crying and screaming, so that she could be heard squares. I have had a great deal of trouble and expense. Eighteen doctors have, first and last, attended her, and one bottle of Paine's Celery compound has done her more good than all of the other medicine. She and I are together using Paine's Celery compound, and I will with pleasure let you know the result. Fraternally,  
WILLIAM T. BAILEY.  
BALTIMORE, May 18, 1896.  
Wells, Richardson & Co.—Gentlemen: It is impossible for me to express the emotions of my heart on the great good Mrs. Bailey and I have derived from the use of Paine's Celery compound. I am a new man. We have taken together eight bottles, and I wish to continue its use. The people of my church are very kind to the poor, and I have given to some of the poor money with which to purchase the medicine. You may use my name if you wish and I will with pleasure answer all communications sent me. I believe the remedy is the best in the world. Yours very truly,  
WILLIAM T. BAILEY,  
Pastor Curtis Bay Baptist Church.  
A few weeks ago there was published a testimonial of the great virtue of Paine's Celery Compound from Rev. Charles L. Thompson, D. D., L. L. D., the eminent Presbyterian preacher of New York City. Rev. Dr. Meek, editor of the Central Methodist, recently wrote an open letter, telling that Paine's Celery Compound had worked a remarkable cure in his case. And last month the great temperance evangelist, Francis Murphy, told the public how Paine's Celery Compound had been a blessing in his family.  
These are a few among thousands. Every one knows conscientious, charitable persons who are too busy, more often too procrastinating, to save their health from going to pieces, and find it easier to help others than themselves. Such persons fill up the army of broken down business men and sickly women.  
Every one in this spring time needs to purify the blood and regulate the nerves. Carry home to-day—not by and by—a bottle of Paine's Celery Compound. Cure nervousness, neuralgia, and rheumatism this spring. You can now put your health on a sound basis by means of Paine's Celery Compound.  
Charity should now begin at home. Attend to your own health and that of your family.  
Paine's Celery Compound is within the reach of every family where there is a member afflicted by any stomach, liver or kidney trouble. It cures permanently and rapidly.  
It must be distinguished from all other remedies.

**NOTICE.**  
Applicants For Fourth Class Postmaster-ships Requested to File Their Petition.  
Applicants for postmaster of the various fourth-class offices throughout the county will please file their applications and petitions with the Chairman, or some member of the Republican County Committee, or the County Judge, in order that they may be considered by the advisory committee to Congressman S. J. Pugh, which will meet in this city on Monday, April 19th.  
CLARENCE MATHEWS,  
Chairman Mason County Rep. Com.  
S. T. HICKMAN, Secretary.

**PERSONAL.**
